

HANDLING AND PACKAGING INSTRUCTIONS FOR DELTA THREE OSCAR™ PRODUCTS

1. UPON RECEIPT

(ie before integration of product)

Boxes/cartons of Delta Three Oscar™ products should be stored at room temperature in well ventilated, dry conditions free from dirt and chemicals.

Boxes/cartons of Delta Three Oscar™ products should be moved with care. Do not throw or drop cartons of Delta Three Oscar™ components.

Boxes/cartons of Delta Three Oscar™ products should be stacked in a way which prevents any stress from being placed upon the Delta Three Oscar™ components themselves

2. INTEGRATION:

When integrating a Delta Three Oscar™ component, care must be taken. Flexing of the product in order to integrate into a pocket is fine.

The optimum integration conditions are 15-35°C temperature, dry and away from direct sunlight.

The area for integration should be free from dirt and chemicals.

For a guide on bonding Delta Three Oscar™ products please visit www.deltathreeoscar.com.

If integrating a component into a pocket please allow for natural variation in Delta Three Oscar™ component size – please ask Delta Three Oscar™ for more guidance on sizing variation.

Once integrated, care should be taken to ensure product is stored in a way that does not distort from its original shape.

3. PACKAGING OF INTEGRATED PRODUCT:

When packaging integrated products, care should be taken to ensure Delta Three Oscar™ components are not distorted. Delta Three Oscar™ components must retain their original shape.

The product should be packed so that the Delta Three Oscar™ component natural form is supported.

Do not over-pack the box - the box lid must close naturally without force. protect the Delta Three Oscar™ components during transit/storage.

Boxes/cartons of products containing Delta Three Oscar™ components should be stored in suitable conditions as detailed in the terms and conditions of sale. These conditions include, but are not limited to, a temperature between 15 and 35°C and 50-80% relative humidity.

IMPORTANT:

Care should be taken to ensure the shape of Delta Three Oscar™ products is retained at all times. Delta Three Oscar™ products should not be folded, bent, squashed, stretched, twisted or distorted other than during the integration of the products into a pocket. For further information please contact Delta Three Oscar
